ZION A MECCA FOR THOUSANDS

Conference Will Attract a Great Crowd.

STATE FAIR WILL

HEALTH OFFICERS WILL ALSO GET TOGETHER.

What is expected to be one of the To Contractors greatest gatherings of the Mormon people in the history of the organization is scheduled to take place in this ity during the coming week. This is the seventy-fifth semi-annual conference of the Latter-day Saints of the whole world. The meetings will be held in the tabernacle beginning Thursday, Oct. 6. The better facilities for traveling in this and neighboring states and the general good times among the people are expected to bring together a greater number on this occasion than have attended any previous confer-

In addition to the regular religious work that forms so important a part of every conference, Apostle Charles W. Penrose will be sustained at this meeting. He was elevated to the quorum of apostles to fill a vacancy and that action of the higher authorities will be passed upon in the general conference by the members of the church.

An Eye to Business.

Outside of the work of the church the fall conference is regarded an important time of the year. Business men look forward to this week as one of the best of the entire twelve months. This year is no exception and the merchants of this city will be disappointed if they do not transact a record business during the week. For the reason hat country merchants take advantage of their attendance upon conference square their accounts with the jobbers and wholesalers at this time the record of collections is expected to show up

The date of the state fair is also set for the coming week to accommodate the many who visit the city to attend the conference, and thus get the advantage of the cheap railroad rates as well as to make the one visit to the city answer both purposes. The fair this year promises so many good features that it will do its full share drawing the crowd to the city.

Will Save the Nation.

Of course the politician will not b backward in coming forward and greeting his long lost brother in the conference crowd. The statesmen who have no other object in life but to save the nation will not be hard to find during the week, and it is reasonable to predict that many fine political schemes will be concocted by all parties while the politicians from all parts of the state are in the city.

Another matter that will come up durweek immediately following is meeting of the health officers of the state. This meeting was set at this time so that an additional trip to the city would not be necessary, and the hope of the promoters is to get a large majority of the health officers from every county in the state to be pressured by th every county in the state to be present at this meeting. It originated with the state board of health, and the idea is to get the health officers of the state to work in harmony as far as possible in the matter of reverse the state to be present at this meeting.
